## L-Series Linen Carts by TECNI-QUIP STANDARD FEATURES AND OPTIONS

### STANDARD:

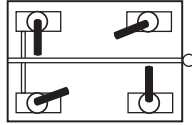

- SUPERIOR "PLATE-TYPE" CASTERS**, are placed on all TECNI-QUIP carts.  
Standard: (Option I) 2 rigid and 2 swivel - allows cart to be pushed in a straight line.

UPGRADE: (Option II) Directional caster system. Push footpedal and all casters to go swivel for 360° mobility, push pedal other direction, all casters to go a 2 rigid and 2 swivel position for pushing cart in a straight line.

Note: Larger casters may be purchased for outdoor or custom towing purposes.

OPTION I

OPTION II

- SUPERIOR WHEELS\*:**

Non-marking wheels equipped with Precision Ball Bearings are placed on all TECNI-QUIP carts. Quiet and Smooth Rolling.

Standard: 6" x 2", Superior Precision Ball Bearing wheels, all terrain tread. Smooth and effortless roll.

UPGRADE: 8" x 2" Superior Precision Ball Bearing wheels, all terrain tread. Rule of thumb, larger wheels will create any cart to roll even easier, suggested for large sized carts.

NOTE: C-Cell is equipped with 6" post-type casters.

\*Please indicate the surface cart is to be pushed on (carpet, tile, outdoor surfaces, other) our sales engineers may suggest another type of tire tread for your situation.

- CONSTRUCTION:** Carts are formed from anodized aluminum .063" thick; conform to marine and military specifications. Upper frame members are created from one-piece extruded anodized aluminum tubular sections 1.50" diameter.

- ADJUSTABLE SHELVES:** Adjustable at 1/2" increments. Formed from one piece aluminum alloy sheets. Edges form down 1" and hemmed. Custom interior shelves available.

- CART COLOR:** Standard: Silver.  
UPGRADES: Vanilla, Champagne and Oak; all in vinyl laminated aluminum or powder coat to a custom color.

- FRONT COVERS:**

Standard: Standard in 16 oz. vinyl impregnated nylon, Fire retardant material. **Colors:** Slate Blue, Tan, Dark Blue, Teal, Grey and Mauve. Custom colors additional.

Optional: Transparent for full view of inventory.

Velcro or Zipper Closures: - Please choose.

UPGRADE: New Pass Through transparent overlapping strips - keeps cover down and linen easily accessible. All materials fire-retardant.

- "ERGONOMIC" RECESSED GUIDE BARS** - Carts "nest" to save space.

- I.D. ROUTING SIGN:** Located on pushing side of cart. Allows you to designate cart to specific area.

- PERIMETER & VERTICAL BUMPERS:** High impact resistant vinyl protects walls and corners; will not mark or oxidize.

- LOCKING DOORS:**

Heavy duty aluminum built in bi-fold manner. Doors fold into each other and wrap and secure on pushing side of cart. (Note adds approximated 2" to each of cart's length when opened and folded back to the secured position on carts pushing sides). **Locking Mechanism:** Equipped with 3 point aircraft lock with key (all carts can be keyed alike) or choose NEW digital lock.

### OPTIONS:

- PARKING BRAKES:** Parking Brake located on one swivel caster.
- Towing Hitches:** Variety available: Please contact TECNI-QUIP for information and price list.

- Guide-out Shelves:** Pull shelf towards you to gather supplies, sturdy and easy to use for all models. Call us to discuss this option.

- Storage Drawers:** Choose from either metal drawers or plastic tote drawers with interior dividers.

- Hanging Bars for Clothes:** Can be inserted into cart full length or incorporated into multi-compartment design with shelving.

- Labeling or Logo:** Label your carts with custom transit information or enhance it with your company logo. Consult TECNI-QUIP for pricing.

- Special I.D. or Inventory signage display frames:**  
(1) See thru inventory pocket sewn on front cover of cart.

- (2) Aluminum inventory frame riveted to outside of cart.

- Shelf Dividers:** Moveable "T" partitions that securely attach to full length shelves, approx. 12" high. Assist to divide and organize inventory.

- Over the road transport kit:** If you will be placing these carts on a truck for transport from laundry or store room to a facility on a weekly or daily basis - we highly suggest installing this upgrade to prevent wear and tear. Consists of additional soft bumpers or rolling donut bumpers, Stainless vertical protection bumpers, webbing with quick release locks on covers + more.

## Open Cart Model

**Extremely Durable and Pushes Like NO Other Open Cart that has ever been manufactured!**

### L-55 and L-60

L-60-2 & Cart Cover

L-60-4  
Optional enclosure bars spaced every 6 inches

L-55  
With upgraded custom interior

L - Series Open Carts are **10 x easier to push** in comparison to wire or steel carts... **GREAT American Engineering is the reason...**

- L-Series cart models are constructed around a **strong solid durable base** (not a shelf or welded dolly).
- **A beautiful arched frame** is placed on the base and secured with several hardware systems (will not shake or sway)
- Pushes extremely easily on large ball bearing **6" x 2" or 8" x 2" Non-Marking Wheels** with all the same sizes and colors as before!
- **All Aluminum Construction** – Aircraft Aluminum Construction throughout.
- **Rounded Styling** looks great in your corridors but provides so much more... **NO sharp dangerous corners & Drape Covers last 5X as long!**

# Options for Transportation

**800-826-1245 ■ tqcarts@tqind.com**

**The Ergo-Express® Power Drive Option** can be added to any heavy linen, trash, or supply cart. 1000lb weight capacity allows one person to safely transport a heavy cart while greatly increasing your operational efficiency and virtually eliminating push/pull injuries.

**Call for additional information on this product.**

**The Ergo-Express® Motorized Tug** is designed to pull heavy linen, trash, and supply carts. 2500lb weight capacity allows you to pull "train" multiple carts at once. The Motorized Tug will greatly increase your operational efficiency while virtually eliminating push/pull injuries related to transporting heavy carts.

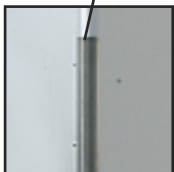

**Call for additional information on this product.**

## **NEW** Accessories for Over-the-Road Transportation via Truck for L-Series Carts

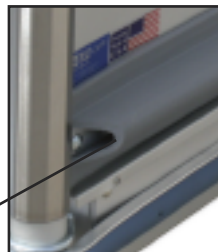

Planning to transport your carts via truck? We suggest adding these items to your carts.

**Stainless Steel Flat Guard:**  
Allows protection at door handle height.  
**PG-SS per foot**

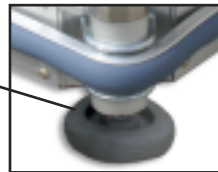

**Protective Stainless Vertical Bumpers - Set of 4:**  
Add extra protection and strength to the corner frames.  
**VS-SS**

**Super Shock Proof Bumper:**  
Carts shift & jump during transportation. This added durable bumper acts as a shock absorber.  
**MD-1**

**Rolling Corner Bumpers:**  
Allows space between carts during truck transport.  
**RB-123**

**Transport Cover:**  
Our 16 ounce Vinyl Cover is reinforced with industrial strength webbing with quick release buckles and fasteners on each side and bottom of cart. Choice of Colors.  
**FC-1006-TX**

Shown here with Transparent Inventory Pocket.

## *Getting to know TECNI-QUIP Carts*

**2013 is a Special Year for TQI llc as we are celebrating our 52th year in business as family owned and managed company.**

Our founders Charles and Jane served their country during World War II ( Charles Clement an Army Captain and Jane employed as a Civil Service Secretary for the War Department ) they met while deployed in the Panama Canal Zone in 1944 and were soon married. In 1950, as so many GI's did, they moved to the Los Angeles area where Jane worked as an Executive Secretary to a Fortune 500 company and Chuck (with the help of the GI Bill) pursued his degree in Aeronautical Engineering.

In 1961 not satisfied with designing aircraft and working for large companies, Jane and Charles became entrepreneurs and founded TECNI-QUIP, in a borrowed garage filled with tools, a drafting board and many dreams. Within a few years they were designing and building linen carts for local Los Angeles area hospitals. Soon Charles was traveling (with carts in tow) up and down the West Coast while Jane maintained the office and staff.

By 1966 -with the birth of the L –Series models of enclosed linen carts - TECNI-QUIP carts were sold coast to coast. The strength, durability, mobility and creativeness of the L- Series models has never been surpassed (carts 45 years old are still in service today - weekly we receive requests for replacement parts & covers ). Since its inception in 1966, the L-Series has been manufactured daily in our factory; pleasing our year old founder, Charles who sadly passed away in August 2012 at the age of 93 years young.

In 1984, after years of designing and manufacturing Brand X's filters, Charles began Clean Cycle Systems lint filters – with the help of Jane. Soon distributors nationwide began selling these reliable and well designed units. Today CCS models range from the simplest design for OPL laundries to large advanced models that can process lint from multiple dryers. From Bill Gate's home in Seattle to Dubai, U.A.E. – there is Clean Cycle System's filter collecting lint!

Today, we strive to retain the original integrity, craftsmanship and attention to detail in our manufacturing process and in our product models that Charles and Jane founded the company on. You will also find that we have retained the "Jane C. Method" of professional customer service – designed to respond accurately and efficiently to your request.

Please contact our knowledgeable staff for details on our products at: **800-826-1245** or Email to: [tqcards@tqind.com](mailto:tqcards@tqind.com)
