

GENESIS

Establish & Sustain A Recycling Program

- GENESIS carts for collecting recyclable items throughout your property!
- Promotes SUSTAINABILITY requirements of LEED CERTIFICATION!
- Facilitates room attendants & staff members (guests too!) to recycle
- Tells your guests you are concerned with our environment
- Sort and prepare for recycling— Paper/cans/plastic/glass in color coded bags with logos
- Carts available in 2, 3, or 4 classification bags
- Smooth rounded corners
- Sort bags are leak/water proof made from flame proof durable vinyl material
- Commercial waste liners can be secured into bags and EZ to unload with full length zippers located on front of bags
- Ergonomically friendly and meets hotels standards on recycling
- Rolls with ease with large non-marking wheels and durable casters and corner bumper guards
- Parking Brakes to keep cart in place
- Can ship disassembled to save shipping costs
- TQ's S-Series are crafted from recycled durable aluminum alloy— AND RECYCLABLE AT END OF THEIR LIFE SPAN!
- Model S3-RR (3 bag) in stock available for immediate shipment

standard features

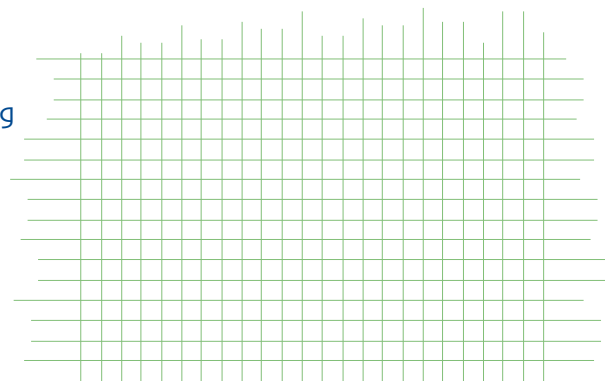

- Anodized aluminum construction.
- Bags contain zippers on front that allow soiled material to be removed easily from cart without lifting. (2 on S-1) Disposable liners fit inside vinyl bags.
- Bags are waterproof and lift out for cleaning with a variety of colors to keep sorting simple.
- Carts roll on large wheels and casters that are attached to a solid aluminum base.
- Full perimeter and rolling bumpers—protect walls and furnishings—can be adjusted to meet baseboards.
- Improves operational recycling.

options (call for pricing)

- Custom cart size, custom bag design or have your property's logo positioned on bags
- Solid lid to cover top of cart with cut-outs for paper, aluminum cans, bottles & other*
- Enclosing looks wonderful with the solid lid on top*
- Elegantly encase any S- Series cart model on 3 sides of the cart with one of our décor exterior base colors. In doing this the back side of cart remains open with zippers facing out for unloading (faces wall during use)
