SPECIFICATIONS **DLF-511-FG Dry Lint Filter**

System 500 models represent a design concept requiring minimum space to install while providing large area filtration screens. All models are tall, slimline, and compact; often referred to as “inline” or inside models. **System 500** models are all-weather construction and may be mounted outside. The **DLF-511-FG** is a high volume lint filter equipped with a side (horizontal) discharge designed to fit with one 450 pound dryer or a multiple of smaller dryers (i.e. four 150 lb dryers).
