S-C	Custom Size	Your ideas?

#### Features:

- Anodized aluminum construction.
- Bags contain zippers on fronts that allow soiled material to be removed easily from cart without lifting.
- Bags are waterproof and lift out for cleaning with a variety of colors to keep sorting simple.
- Carts roll on large wheels and casters that are attached to a soiled aluminum base.
- Full perimeter and rolling bumpers - protect walls and furnishings - can be adjusted to meet baseboards.
- Houseman can quickly strip linen and trash from all guest rooms which improves laundry operation.
- Improves productivity and morale of Room Attendants. Creates much needed space on Maids Carts.

#### Options include:

- Custom cart size or bag design.
- Enclosure panels in a choice of colors or wood grains
- Hinged lids to cover bags
- Soiled Glass Rack located under cart base
- Logos and Symbols – or custom lettering
- **Custom sizes and features as you would like to meet your requirements 100%**

*Be Creative* – add colorful panels – hotel logos – call us with your ideas!

## UTILIZATION SUGGESTIONS

### GUEST ROOMS

TQ suggested use of the S-2 for 25-30 rooms if used in conjunction with the M-198 Maid's Cart.

#### How you can use the S-Series Carts:

- S-2 parked on each floor
- A houseman rolls the S-2 to the maid's locations and pickup soiled linen.
- Rolls cart to laundry chute removes the bag or soiled linen.
- If there is no chute system, the houseman can simply exchange the cart for a new one, when full
- This system provides a means of keeping solid linen out of guests view.
- Maximizes laundry efficiency by continuously introducing soiled linen into the laundry all day long.

### BANQUET TEAR DOWN

- These models may also be used for banquet tear down.
- System can provide easy sorting of table linens (i.e. White rounds and colored rounds, white napkins/linens from colored linens/napkins).
- Carts can be rolled into the banquet room and work as a collection point for staff.
- Two carts suggested per banquet area

### POOLSIDE/SPA

- Locate an S-1 or S-2 pool side or in a spa/work out area.
- Collect soiled towels or linen easily
- Exchange with fresh cart when full

### RECYCLING

- Establish & Sustain A Recycling Program at your Property
- Use in guest areas
- Use in the heart of the house
- Create a recycling bag or two on a cart that is used to sort soiled linen
