UTILIZATION SUGGESTIONS

GUEST ROOMS

TQ suggested use of the S-2 for 25-30 rooms if used in conjunction with the M-198 Maid's Cart.

How you can use the S-Series Carts:

- ? S- Series parked on each floor
- ? A houseman rolls the S-2 to the maid's locations and pickup soiled linen.
- ? Rolls cart to laundry chute removes the bag or soiled linen.
- ? If there is no chute system, the houseman can simply exchange the cart for a new one, when full
- ? This system provides a means of keeping solid linen out of guests view.
- ? Maximizes laundry efficiency by continuously introducing soiled linen into the laundry all day long.

BANQUET TEAR DOWN

- ? These models may also be used for banquet tear down.
- ? System can provide easy sorting of table linens (i.e. White rounds and colored rounds, white napkins/linens from colored linens/napkins).
- ? Carts can be rolled into the banquet room and work as a collection point for staff.
- ? Two carts suggested per banquet area

POOL SIDE/SPA

- ? Locate an S-1 or S-2 pool side or in a spa/work out area.
- ? Collect soiled towels or linen easily
- ? Exchange with fresh cart when full

GREEN RECYCLING PROCEDURES

- ? Locate on the guest floor or in static areas for recycling
- ? Color code bags for separation of refuse
- ? ID bags with symbols for quick identification
- ? Create your own design
